A. C. and R. Lehman, Miss Wikizer and the Misses Lehman, of Quinter, were at the celebration at MacMillan's grove in the day time and at Collyer in the evening.
Last Sunday Rev. Osborn, of Winona, preached an interesting sermon to a small audience. His theme was "God's opinion of man and man's opinion of himself." He will speak in Collyer again the evening of Aug. 1.
Married—July 2, 1890, by Rev. Maxon, at the home of the bride, Miss Aura Fike to Mr. Frank Fouts. The young couple left on the west bound train for an extended trip through Colo., Wyoming and Utah, returning about the twentieth of July, when they expect to make Collyer their future home.

The morning of the fourth dawned clear and cool, and continued so throughout the day. The crowd was slow in gathering and the exercises did not commence until eleven o'clock. The house was called to order by Marshal Briggs, who introduced Chairman Fouts who after a few appropriate words introduced Mr. Hickman as Chaplain. After prayer, H. U. Russ read the Declaration of Independence, followed by music by the choir. S. R. Cowick's oration was the feature of the day. The speaker made a pleasing departure from the usual fourth of July oration, handling some of the leading questions of the day in a masterly manner. The oration was followed by "All hail to the grand old flag" by the choir. After two hours intermission for dinner the crown went out to the race track. The foot race for boys 100 yards by J. Martin and L. Larson on second trial was won by Larson. Foot-race 200 yards by C. A. Weeks and M. Meyer won by C. A. Weeks. Second race run by C. Hawks and C. A. Weeks also won by Weeks. But three horses were entered for the race by H. Davis, J. Powers and G. Tilton, race was won by pony belonging to J. Powers. Quite an interesting game of ball was played by "scrub" nines.
The Relief Corps dance in the evening was, as usual, a success and much enjoyed by all. From all reports, the dance at the store-house was a jolly one and was enjoyed by spectators as well as by those who took part. Everything passed off nicely and the day was pronounced a success by all.

OGALLALA OZZINGS.

OGALLALA, July 2.
[The following communication was received last week too late for publication.]—Eos.
Marquand brothers are running their header at full blast.
A. B. Cooper is harvesting his large crop of wheat this week.
Mr. and Mrs. Ben. C. Rich were visiting friends at Ogallah last Saturday.
We wish to extend our thanks to C. C. Ridgway for ice furnished us for the ice cream festival.
Wm. Cowden returned from Downs last week. Mr. Cowden has many friends in this community who are pleased to have him with us again.

Ogallah has been quite lively for the past two weeks, as several of the old-time citizens have returned and quite a number of new comers arriving makes it quite a lively burg.

As Ella Marquand was driving to town last Friday, when about half a mile from town the horse she was driving got frightened and ran away and was not stopped until it reached town. No damage was done.

We will venture the assertion that Ogallah township will have more wheat this year than all the rest of Trego county together. Corn in this vicinity is looking fine. One or two more rains at the right time will insure 40 bushels per acre.

The ice cream and strawberry festival held at Ogallah last Saturday was a success. There were 165 in attendance, the rain in the evening preventing a few from coming. The music furnished by Miss Marquand, Miss Nora Yetter, Miss Clark and Robert Musgrave was grand. After the expenses were paid the balance was turned over to the Sunday school.

REPORTER.

WILD HORSE.

School closes in district 27 on Wednesday of next week.

Prof. Harlan, of Ogallah, will deliver an address to the people of this community on Thursday evening of next week. The topic for discussion is "The Farmers' Alliance," and the place of meeting the Gibson school house. Our acquaintance with Mr. Harlan assures us that the subject will be well handled. We hope the farmers will all be present.

The people of this neighborhood celebrated the Fourth in Young's grove. A goodly number were present. The exercises consisted of the reading of the Declaration of Independence and music in the forenoon, and declamations and music in the afternoon. George Young delivered a selection, entitled, "Our Flag." This was well spoken and very appropriate. The dinner, which was served in the grove, did not look like hard times.

We copy the following from the agricultural report of our own state, with reference to the sugar industry: There are at present eight companies in the state preparing to manufacture sugar this year, as follows: The Parkinson Sugar company of Fort Scott, the Topeka Sugar company of Topeka, the Medicine Lodge Sugar Works and Refining company of Medicine Lodge, the Ness County Sugar company of Ness City, the Kansas State Sugar company of Attica, the southwestern Sugar company of Liberal, the Conway Springs Sugar and Syrup company of Conway Springs.
The Ness County Sugar company are expending about \$5,000 in improvements and expect to be ready to receive cane by August 1. They have planted upon their own ground 800 acres of cane, have contracted for 1,200 acres and the farmers are planting about 800 acres (not under contract), making 2,800 acres, which will give the factory all the work it can do under favorable circumstances, although its capacity of 300 tons of field cane per day is the largest of any in the state. The company is also planting 15 acres of beets. The expected output for each 24 hours is, sugar, 25,000 pounds; molasses, 3,000 gallons.

A Scrap of Paper Saves Her Life.

It was just an ordinary scrap of wrapping paper, but it saved her life. She was in the last stages of consumption, and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle, it helped her, she bought a large bottle, it helped her more, bought another and grew better fast, continued its use, and is now strong, healthy, rosy, plump, weighing 140 pounds. For fuller particulars send stamp to W. H. Cole, druggist, Fort Smith. Trial bottles of this wonderful discovery free at A. B. Jones's drug store.
